SPECIAL INSTRUCTIONS CONCERNING CERTAIN RACES.

The immigrant inspectors at the various ports of entry should be careful to secure the correct classification of all aliens coming to the United States, and to this end should bear in mind the following instructions:

A distinction should be made between citizens and subjects of the same country.

Columns "Nationality" and "Race or people."

Steamship companies should be required to show in the manifests the nationality of aliens as well as the race or people.

Columns "Can read" and "Can write." Columns 19 and 20 should be either Yes or No. Persons can read and write English, Yes—Yes; can read but not write, Yes—No; can neither read nor write, No—No.

Columns "Last residence" and "Destination." These columns should be filled in with the name of the country from which the immigrant has come and that in which he intends to reside, as given in his ticket or otherwise ascertained.

Special attention should be paid to the entries in columns 4 and 5. These entries in the manifests should be carefully revised by inspectors, and corrected where necessary. For instance, "France" appearing on a manifest does not indicate whether the alien belongs to the Latin or Teutonic race or people, and similarly French appears in column 5 as the designation of persons of various races or peoples. Frequently, also, persons are described in column 4 as natives of "France" by nationality. An alien who speaks French and Italian and has been a resident of Italy for many years should properly be entered in the manifest as an Italian by race or people and by nationality. In this connection the following instructions are given:

CUBAN

The term "Cuban" refers to the Cuban people by race or nationality.

WEST INDIAN

"West Indian" refers to the people of the West Indies by race or nationality.
